

Due to our tremendous growth, Alternative Power Solutions, Corp., is looking to add an amazing Sales/Marketing Coordinator to our team. You will successfully assist the sales/marketing team with various tasks such as collateral development, customer satisfaction analysis, sales programs, product development and service programs. Candidates should be able to multitask, have strong communication skills and business knowledge. Marketing and sales awareness and experience can be helpful, and for some companies, will be required. The Marketing coordinator professional will be expected to assist with and deliver marketing information in a timely manner on behalf of the sales/marketing department.
